Adapting your home to meet your needs.

Sometimes ill health or a change in circumstance means your home is no longer suitable for you. In situations like this it may be possible to adapt your home to better suit your needs, such as installing a ramp or adding grab rails to your bathroom, for example. We will always try to accommodate these requests, working alongside our local authority partners. Adaptations may not always be possible, and depend on a variety of factors such as your specific needs and the type of property you live in. For advice and support on adapting your home to make it safer and more convenient for you or a family member, contact us on 0300 555 0600

Equality and Diversity Policy

Onwards equality objectives

We will adapt and shape our service provision to meet the needs of our customers – we will create opportunities for our customers to influence our services developing our approach to customer insight and engagement. We will carry out and act on Equality Impact Assessments to ensure we meet diverse needs

Customer charter

Tailoring our services

We recognise that some of our customers have levels of vulnerabilities, we will therefore:

- Take account of any particular needs you may have and try to accommodate them
- Provide solutions for those who are hard of hearing or whose first language may not be English

Tenant handbook

Adapting your home to work for you

Onward provides an aids & adaptation service to help our tenants live safely and more independently in their homes. Aids & adaptations are changes we can make to your home to help you, or a member of your household, continue to live independently. For example, they might make it easier to get in and out of your home, get up and down stairs or use your bathroom. Please bear in mind that, although we will try to accommodate requests where we can, it

may not always be possible to adapt your home. You also need to have been a tenant for a minimum of 12 months and your rent account must be up to date.

Extra support when you need it

We can provide one-to-one housing-related support to vulnerable customers. We are able to give short-term interventions of up to two years to help any of our tenants needing a helping hand in order to regain their independence and fully manage their tenancies.

We work with each tenant to figure out their specific requirements and create a plan tailored to their needs, which will be reviewed on a regular basis. This will include what tasks need to be undertaken, by who and within what timescale
